

# BIEI SHIROGANE WALKING MAP

Mt. Tokachi-dake Mountain Range

▲ Photo Spot

**Biei Shirogane Ranch**  
It is managed by the Biei Shirogane Ranch Management Council. You can enjoy a magnificent panoramic view of the Tokachi Mountain Range from the road on the north side of the ranch.  
The ranch grounds are not open to visitors. Please enjoy the panoramic view outside the ranch.

Shirogane Blue Pond

The pond was accidentally created at the time when it built as part of an erosion control facility to prevent damage in case of an eruption by Mt. Tokachi-dake. It is said that the water in the pond looks blue when the colloidal particles generated from the mixture of groundwater containing volcanic elements and hot spring water from "Iosawa River" and "Shirohige-no-Taki Falls" located upstream of Shirogane Onsen Hot Springs reflect light when they are exposed to sunlight.

Biruke-no-mori Golf Park

Shirogane Fudou-no-taki Falls

It is a 25m-high terraced waterfall where underground water gathers from around Mt. Tokachi-dake and falls through the rocks. Unlike the "Shirohige-no-Taki Falls", the water temperature is low, and even in summer it is cold enough to make one's hands tingle when dipped in it. The stone Buddha statues of the 88 temples of Shirogane's new Shikoku province are also lined up. Forming one of outstanding scenic spots in Shirogane area.

**1 Shirakaba Walking Course**  
Time Require (point A → C) **Approx. 1 hr. 30 min.**  
This is a course where you can walk from Roadside Rest Area Shirogane 'Biruke' to Shirogane Hot Springs area with less elevation differences.

**2 Fudou Waterfall Course**  
Time Require (point D → E) **Approx. 30 min.**  
The course takes you through a forest of conifer trees, and stone statues of the 88 temples are lined up on the side of the path.

**3 Shirogane Course**  
Time Require (point F → G) **Approx. 1 hr. 10 min.**  
The course is almost a straight path close by the main street, so it is an easy course to walk.

**Cautions**

- Take your garbage home with you.
- Never feed the animals as it endangers their lives.
